

Strategies to Cure and Prevent the HIV Disease

Mark King

Genetics Department, Mohin University, USA, E-mail: Mark_king@mou.edu

We believe that the “[European Summit on HIV](#)” conference is scheduled on February 19-20, 2020 in Milan, Italy; with the theme as “[Creating New Strategies to Cure and Prevent the HIV Disease](#)” is an excellent and exceptional opportunity which enables networking of interdisciplinary group of world-recognized experts, professors and young researchers. Euro HIV Meet 2021 will help to understand the new research and innovations of Infectious Diseases and their prevention methods. The Euro HIV conferences of the Conference Series serve as a platform to bring together all the researchers working in the field to develop the novel trends for global strategic development.

Euro HIV Meet 2021 is primarily focused on different aspects of Prevention and cure of HIV-AIDS, new improvements in the field of infectious diseases, HIV and cancer, hepatitis B, hepatitis C, tuberculosis, pharma & the business of HIV-AIDS, STDs & STIs, venereal diseases prevention & treatment, preventing mother-to-child transmission of HIV, and advanced techniques involved in STDs. Global HIV Drug Market was valued was \$20,448 million in 2015 and is expected to garner \$26,458 million by 2022. In 2017 the global HIV drugs market exceeded a value of US\$ 17 Billion. Looking forward, the market value is expected to reach nearly US\$ 21 Billion by 2023, expanding at a CAGR of more than 3% during 2018-2023.

Since the beginning of the HIV epidemic is more than 70 million individuals were infected approximately with the HIV and about 35 million people died of HIV. Universally, 36.9 million people are living with HIV at the end of 2017. An expected 0.8% of adults aged 15-49 years affected with HIV, although the burden of the epidemic continues to vary considerably between countries and regions. The WHO African region remains most severely affected, with nearly 1 in every 25 adults (4.1%) living with HIV and accounting for nearly two-thirds of the people living with HIV worldwide.

The Conference Series LLC Ltd. on Euro HIV Conferences embraces research scholars, Academic professors, Pharma Industrial who endeavours to disseminate their research experience to escalate the forthcoming research ideas. Conference Series LLC Ltd. is an open resource platform that conducts 3000+ global events including International Conferences, Workshops, Symposia, Trade Shows,

Exhibitions, and Science Congresses in all the major scientific disciplines, including Clinical, Medical, and pharmaceutical, Engineering, Technology, Business Management and Life Sciences across America, Europe, The Middle East, and Asia Pacific.
