

Editorial Note for Cell Science and Therapy

EDITORIAL NOTE

Without continual growth and progress, such words as improvement, achievement, and success have no meaning cell science and therapy (ISSN: 2157-7013) is growing continuously. It is our pleasure to announce that during year 2020, all issues of volume 11 were published online on time and the print issues were also brought out and dispatched within 30 days of publishing the issue online.

All published articles of this journal are included in the indexing and abstracting coverage of Index Copernicus, Google Scholar, Global Impact Factor (GIF), CiteFactor, Electronic Journals Library, RefSeek, International committee of medical journals editors (ICMJE), Hamdard University, EBSCO A-Z, Virtual Library of Biology (vifabio), Studies receiving funding from a funding organization that is included on the list of PMC and Research Funder Policies or authors having NIH grant were submitted to PubMed.

During the calendar year 2019, JCEST received a total of 44 papers, out of which 18 articles (56%) were rejected in the preliminary screening due to plagiarism or being out of the format and peer review process. During 2019 around 26 articles were subjected for publication after they are accepted in the peer review process. In the 6 issues of Volume 18 published during the year 2019, a total of 26 articles were published (at an average of 6 articles per issue) of which, articles were published from authors all around the world.

A total of 110 research scientists from all over the world reviewed the 36 articles published in volume 18. Average publication lag time of an article was further reduced to 2-3 weeks.

Cell science and therapy also announces its new association with Longdom group for Archiving, Journal maintenance, financial purpose and support. However the journal will be running its original website <https://www.longdom.org/cell-science-therapy/current-issue.html> parallel for Editorial and review work process so as to maintain its highest standard of scientific work.

Association with Longdom group has increased Readership Metrics (By Google Analytics) of cell science and therapy Journal which can be accessed at cell science and therapy

I take this opportunity to acknowledge the contribution of Editor-in-Chief: **Takashi Maru Yama** (japan)**Rajendra Sharma** (USA), **Taixing Cui** (Colombia) and Associate Editors: Lydia **Gloria Morris** (USA), **Tang Wai Kwong** (Hong Kong) during the final editing of articles published and the support rendered by the editorial assistants. I would also like to express my gratitude to all the authors, reviewers, the publisher, the advisory and the editorial board of cell science and therapy, the office bearers for their support in bringing out yet another volume of JCEST and look forward to their unrelenting support to bring out the Volume 11 of JCEST in scheduled time.
