Editorial Note

I am pleased to inform you that, Immunome Research has released its 15th volume in the year of 2020. As like before years IMR released issues trimonthly i.e, in the months of April, August, and December without any fail in addition, 3 conference proceedings were published Immunome Research has benefits like fast-track peer-review process has advantage with highly eminent. Journal impact factor for IMR is 1.65*. And also IMR is having NLM Id: 101245791 and ISSN: 1745-7580.

More than 70 well eminent are acting as editorial board members for our journal.

Over 200 articles were submitted in 2019 out of only 44 articles got accepted in our preliminary quality check. We publish research, review articles, case reports, short communications, image articles etc. on an average 5 articles got released in an issue. The acceptance or rejection of articles is notified to author in 30 days of submission.

We have an online submission of articles called Editorial and Review tracking system with which the author can easily tracking his/her articles. I glad to thank all the Editors and Reviewers of our Journal. IMR has aptly use social networking platform like Twitter and LinkedIn with 2500 followers in which we are daily

posting updates related to Immunology. IMR is also having whatsapp as an easily contact media to authors for any queries. In 2020, IMR has completed 15 years in publishing quality based articles with rapid peer-review process and we are expecting to do so in future.

Moreover we would like to show our thank to online/offline readers for their support. We are having more than 1500 readers globally as we are open access journals. As we are scientific research journal provides with google analytics report for the success of Immunome Research, it is constantly attracting viewers across the world. Readers from the all countries including United States, Japan, United Kingdom, India, Egypt and Nigeria etc., are visiting our journals to learn about the ongoing research work across the globe.

IMR promising that in the upcoming volume, we will show our best as like in the year 2019 and with the support of all the authors and reviewers work hard to show our best in the year of 2020 with the help of our esteemed Editorial team we will also coin special issue related to the topic of our journal. With more furtherance from authors through their qualitative research work our journal will reach greater heights and we always encourage the publication of qualitative research works.
