

Past Conference Report

Haifei Zhang

Department of Chemistry, University of Liverpool, E-mail: zhanghf@liverpool.ac.uk

Thanks to all our wonderful Speakers, Conference Attendees and Exhibitors; **Mass Spectrometry 2019 Conference** was our best!

8th World Congress on Mass Spectrometry hosted by Conference Series LLC was held during June 10-11, 2019 in Edinburgh, Scotland at Leonardo Hotel Edinburgh Murray field with the theme “*Utilizing the Latest Developments in Mass Spectrometry and Proteomics*” which got splendid response. With the support and guidance of Organizing Committee Members and Editorial Board Members and astonishing presentations of all participants this prominent event became more impressive. It also provided invaluable networking opportunity, deploying the foundation for new research endeavors and development projects.

The meeting was carried out through varied sessions, in which the discussions were held on the following major **scientific tracks**:

- Proteomics and Its Applications
- Applications of Mass Spectrometry
- New Approaches in Mass Spectrometry
- Recent Advances and Development in Mass Spectrometry
- Ionization Techniques
- Fundamentals of Mass Spectrometry
- Chromatography and High-Performance Liquid Chromatography (HPLC)
- Mass Spectrometry in Proteome Research
- Proteomics and Its Applications
- Hyphenated Techniques

- Maintenance, Troubleshooting, Data Analysis and Experimentation in Mass Spectrometry
- Mass Spectrometry Imaging
- Fundamentals of Mass Spectrometry

Conference Series LLC would like to convey a great appreciation to following eminent people, honorable guests and Keynote speakers.

- **Dusan Berek**, Polymer Institute of the Slovak Academy of Science, Slovakia
- **Yingqin Wu**, Northwest Institute of Eco-Environment and Resources, Chinese Academy of Sciences, China
- **Martin Finkbeiner**, Merck Group, France
- **Athanasia Varvaresou**, University of West Attica, Greece

With the splendid success of Mass Spectrometry 2019, Conference Series LLC is proud to announce the **9th World Congress on Mass Spectrometry** to be held during **June 22-23, 2020 in Rome, Italy** with the theme “*Exploring the Industrial Advancements in Mass Spectrometry*”.

We hope your favorable support will make our next event one more grand success event.

See you next year at **Rome, Italy**
