

Plant Biology 2020, Rome, Italy is announcing awards to recognize the plant scientists and encourage achievement in this field of soil health and plant life sciences

Patrizia Cesaro

Expert Level (Scientific Service Achievement Award)

Let's recognise our Plant and Soil Science Development, Plant and Soil Health expert level Professionals with the Scientific Service Achievement Award 2020.

The award to the experts who have made major long-term achievements to advancing the Plant biology life sciences including research, education and service to the aquaculture community and society, achievements in the plant and soil sciences, his/her all contributions to the stature of these fields. It is the most prestigious award of the whole conference and is tagged as scientific service Achievement award. The eligibility criteria for achieving this award is that one should have minimum of 20+ years of experience in the field of Plant Science, Soil Science and Plant Biology in public or private sector. The receiver of this award should have a dedicated fascination and should take initiative in researching the recent trends and developments towards the Plant and Soil Sciences. You can nominate deserving of the award through online.

Professional Level (The Research Contribution Award)

The Award for professional, Academic research and Associate Member who has made an outstanding research (experimental, theoretical, and scholarly) or service contribution that has advanced the discipline of Plant and Soil Sciences (biology, soil health, plant ecology, soil fertility) in the public or private sector for experts having research knowledge at 10+ years in the field of Plant and Soil Sciences with most relevant accomplishments. Part-time research experience would be counted as pro-rata. It is calculated starting from the date when you obtained the (first) degree entitling you to embark on a doctorate (either in the country in which the degree was obtained or in the country in which the researcher online.

Women Scientist (The Women of Science Award)

Our Conference provides a unique platform for Women Scientists for presenting latest research projects with an in-depth analysis. Winners for women of science award will be the inspiring role models for future generations of women in Plant Biological Sciences who improved Plant production, performance, plant growth, soil health, processing, sustainability or plant science marketing and development. We cordially invite women scholars and scientists from Universities/ Industries to who have 10+ years of research experience in the field of plant and soil sciences to join the forum. We are happy to encourage our women scientist's participants through research awards and provide assistance for women scholars in career development and research guidance through our collaborations. Women Scientist can nominate deserving of the award through online.

Best Poster Presentation in Plant Biology 2020

Student Poster Competition is organized at conference, to encourage students and recent graduates to present their original research in the field Plant Science, Soil Health and Plant Biology. All accepted abstracts will be presented at the poster sessions during the conference. Conference Series aims at setting a platform for all the budding scientists and researchers to present their real-time work and share their views and aspects related to the theme of the conference. You can nominate someone deserving of the award through online
