## Retraction Note

The article entitled “Proportion of Depression and Associated Factors among Adult Type 1 Diabetic Patients attending at Debirebrihan and Dessie Referral Hospitals, Eastern part of Amara region, Ethiopia 2019” has been accepted for publication in the Journal of Depression and Anxiety considering the statements provided in the article as personal opinion of the author which was found not having any conflict or biasness towards anything. As the article language problem, methodological problem, and the problem statement needs more argumentative, about type one diabetes. Publisher took decision to make the article online solely based on the reviewers suggestion which considered the article not but a personal opinion of the author. However, it is found that the author have some personal concerns and issues, therefore, being retracted from the journal.
