I hereby express my great interest in continued service in Virology & Mycology as the Author and the Member of Editorial Board. I further give my consent to disclose by the Journal my affiliation and contact information. I do not have any conflict of interest, which would interfere with this important service for science, medicine and technology communities.

I strongly recommend this journal to be indexed in PubMed Central. The staff and editorial board members of the Journal have worked very hard for the journal to establish its high professional standing.
